

Fürst Romancier

Oldenburg, Dark Bay, Born 2004 17.1 hands

A dressage stallion in a class of his own!

At his 70 day test he received in all three basic gaits the top mark of 9.0 – walk, trot and canter! His rideability was highly praised – expressed in numbers this means he was awarded a 9.0 and 9.5. Fürst Romancier stands out from the crowd with movements swinging through his entire body, developing the highest degree of impulsion and elasticity.

Sire Fürst Heinrich was himself crowned World Champion as a five year old in 2003. With an above average breeding index of 160 points he is ranked as one of the leading dressage sires in the German Federation's breeding evaluation. The dam's sire Romancier adds – as the half brother to Rubinstein – the precious Rosenkavalier into the equation. Fürst Romancier descends from one of the most successful Oldenburg mare lines: the Edoste. Numerous licensed stallions emerged from this line such as the National Champion and European championship participant Exupéry as well as reserve national champion Landjuwel Gold, the Olympic horse Petit Prince, Grand Prix winner Avignon in addition to numerous advanced dressage horses.

Conclusion: A stallion gifted with all it needs to become a top-class producer!
