

Landor S

Oldenburg , Bay, Born 1991 16.3 hands

Landor S can look back on exceptional performance record in sport and breeding: the 1997 Bundeschampion and VTV Jumper Stallion of the Year was highly successful in advanced level and also won the Volvo Cup in Elmlohe. He has sired more than 30 licensed sons so far, including Lovis Corinth in 2002 and Lauterbach in 2004, both Champion Stallions of the Springpferdezuchtverband Oldenburg-International approval. In 2005, there were new highlights such as the Main Premium winner with emphasis on jumping, Le Carolus, and the bronze medallist at the Oldenburg State Championships, Landliebste, who also became the most expensive jumper at the Fall Auction. In Hanover, Landor S presented a premium stallion and at the PSI Auction a son of his was sold for 172,000 Euro. His sons Lobster, Longford or Lord G, for example, are internationally successful Grand Prix horses and a large number are now entering advanced level.

Many of Landor S' offspring have reached the Bundeschampionats and in 2004 eight of his progeny participated in the World Championships for young jumpers in Lanaken. The exceptional stallion, Wandor van der Mispalaere was the Belgian Jumper Champion in the class for five and six year olds. Landor S also has daughters that make headlines: Lady Madonna was the 1999 Oldenburg Champion Mare and in 2002 Lady Heida was the German Champion Mare with emphasis on jumping.

Landor S comes from a highly successful line. His full brother, Laertes, is a successful international show jumper. Two other full brothers, Landwerder and Lagoheidor, were Champion Stallion and performance test winner respectively and have meanwhile reached Grand Prix level in dressage.
