

Sir Donnerhall

Oldenburg, Dark Bay, Born 2001 17.0 hands

High-flyer and worldwide rideability champion

Sir Donnerhall has it all! He proved it to us all at the Oldenburger Approvals in Vechta where he was distinguished with a 1c premium and at his 30 day test where he won in all three gaits with top scores between 9.0 and 10.0. The 'foreign' riders awarded him 9.5 for rideability. He was extremely impressive showing excellent rideability, rhythm and suppleness. Sir Donnerhall was deserved 2005 Oldenburg County Champion in Rastede and won his 70 day test in Adelheidsdorf with a sensational result. He won the test and was awarded a dressage index of 163 points – a score never achieved by a stallion before. His jumping ability is also worth mentioning; he won this category as well with a total index of 151 points. Much hope rests on this fine horse.

Following in his sire Sandro Hit's footsteps, he reveals his top quality at all his appearances. A very good walk, his trot is so graceful it swings through his whole body and a wonderfully supple and magnificent uphill bouncy canter. His sire Sandro Hit, popular producer in the dressage scene, passed on all the charm and quality needed to produce an exceptional stallion. His origin is ingenious. The Kanitzky family have succeeded in breeding a top stallion for the sport and stud with their fine Donnerhall mare together with Sandro Hit and the coveted blood line of the thoroughbred Grundymann xx.

Sir Donnerhall has been equally as successful in 2005 as a sire; his foals were present at all auctions in Germany and were sold for top prices. In Munster-Handorf, Vechta, Schwaben, Munich-Riem and at the A.O.S. auction, his foals were the most expensive. He passes on his championship quality to his foals. He sired the champion filly and the champion colt at the South German Breeding Association foal championships and the champion filly at the German Foal Championships in Lienen.

Approved for **Oldenburg, Hannover, Rheinland, Westfalia, South German Associations, France**
